Virtual Fifth National Summit on Reducing Hospital-Acquired Conditions and Readmissions

The Leading Forum on CMS Policies, and Successful Reduction Strategies for Hospital Acquired Conditions and Readmissions, including Patient Safety and Care Transitions Initiatives, and Payer-Provider Collaborations

Virtual Event (Live and Archived)
May 10 – 12, 2022

About the Event

The National Hospital Acquired Conditions and Readmissions Summit is the leading forum on current CMS policy implications and reduction strategies for Hospital Acquired Conditions and Readmissions, including the latest in patient safety initiatives and technology-enabled solutions for transitions of care and patient engagement. The Summit will highlight successful hospital strategies and tools, but equally important will feature some of the important new partnerships and collaborations.

Produced by

The Fifth National Summit on Reducing Hospital-Acquired Conditions and Readmissions is a virtual summit. As past summits were pre-pandemic onsite events, in order to provide relevant perspectives, previous attendee demographic information is enclosed for three event categories:

- Past attendees of the pre-pandemic onsite National Readmissions Summits
- Recent attendees of highly attended virtual summits on related topics produced by GHC
- Recent attendees of highly attended webinars on readmissions and on hospital acquired conditions produced by MCOL
